

Lesson details

Year Group: Key Stage 3 (Years 7–9)

Subject: Design & Technology

Where I will find my work: In this document

Hyperlinks:

Do Now Questions

1. Name two different areas of Design & Technology you have studied this year.
2. What does the acronym CAD stand for?
3. Why is it important to test and evaluate a product after you make it?

Engage

LO: To demonstrate your knowledge and understanding across all 5 core areas of D&T studied this year.

Keywords: Assessment, Product Design, Textiles, Food, Graphics, CAD/CAM.

Learn

The Big Picture: Today is your chance to show off everything you have learned this year! You are going to complete an end-of-year assessment covering all 5 D&T topics to see how much your skills and knowledge have grown.

Test Rules & Structure:

- The test covers 5 topics: Product Design, Textiles, Food, Graphics, and CAD/CAM.
- There are 10 questions per topic (50 questions total).
- Most questions are multiple-choice (A, B, C, or D).

Build

How to set up your work (Choose ONE option):

- Option 1: Print out the test sheet and clearly circle your answers.
- Option 2: Write your answers on a piece of paper. Write the Topic Title at the top, then write the Question Number clearly followed by your answer (e.g., 1. B, 2. A).

Apply

Complete the 50-question Design & Technology end-of-year test. Take your time, read each question carefully, and try your best across all topics!

Review

Check your work: Are your question numbers clear? Are your A, B, C, D choices easy to read?

Hand-in Instruction: Put your completed test pages safely in your bag. This must be handed directly to your D&T teacher as soon as you return to school.
