

Rob Tribe Guitar Tuition

robtribe007@gmail.com

September 2025

Dear Parent/Carer

Thank you for your interest in guitar/bass/ukulele lessons. This letter explains costs and also outlines some of the procedural issues.

The cost for lessons this term are: (PLEASE TICK THE ONE YOU REQUIRE)

Individual 20mins £11

Individual 30mins £15

If you decide to sign up for lessons, you will be invoiced for the total amount for the term, payable by the first lesson. There are normally ten lessons per term, but it can go up to 12. Please include an email address below and I'll let you know the lesson time on a weekly basis. Alternatively, feel free to email me your request at the address above. The time changes every week so it is important to check. There is also a timetable outside the music room.

Who am I, and what do I expect from my students?

I am the band coach and guitar teacher at the Guildhall Young Artists Taunton, based at Huish college in Taunton, as well as teaching at several other schools. I play for a couple of popular local bands; Blackout City and Yesterday's Youth, and I want other people to experience some of the joy I have had when making music. As an educator I firmly believe that learning a musical instrument improves every aspect of life - from the ability to concentrate, to the confidence to communicate and perform with other people .

I expect dedication to the instrument and practice. The first steps are the hardest. A can-do attitude, and the mettle to keep going when you sound bad is what is needed. There also needs to be access to an instrument to practice on. Please let me know if you require any buying advice.

Finally, attendance at lessons is vital. There are no refunds for forgetting.

Please fill in the form below and hand it to the music teacher, or get in touch via my email address above. Kind regards.

Rob Tribe

Please sign my child, _____ in (tutor group) _____ up for guitar/bass/ukulele lessons
